Subject: Acknowledge Unsustainable Timber Industry in SFRA

Dear Mr. Sargent,

Dear Mr. Greis and Mr. Wear,

I am writing to urge you to acknowledge the threat posed by the continued expansion of industrial forestry in the final version of the report... .

Diversity of our forests are VITALLY important. Pine trees ARE UGLY! Stop making beautiful america ugly!!! Which is more valuable- a BORING, UNNATURAL pine tree forest, or a BEAUTIFUL real, true, pure, forest, made the way God made it? Pine tree forests are the mini-malls & McDonalds of the natural world. When you decrease the asthetic value, you decrease the long term capital value. Do what is right! Make your mother proud...

respectfully yours,

bcc

Sincerely,

bess carlisle coleman
